

MetaData

The diagram illustrates a spectrum of metadata types. At the top, the word 'MetaData' is centered. Below it, a large horizontal bracket spans the width of the four categories. The categories are represented by rounded rectangular boxes. From left to right, they are: 'Identity MetaData' (green text), 'Profile MetaData' (green text), 'Account MetaData' (red text), and 'Transaction MetaData' (blue text). Below the boxes, a horizontal double-headed arrow indicates a spectrum from 'More static' on the left to 'More dynamic' on the right.

*Identity
MetaData*

*Profile
MetaData*

*Account
MetaData*

*Transaction
MetaData*

More **static**

More **dynamic**
